We now have an available low cost alternative to Viagra® tablets!

Sildenafil, the active ingredient in Viagra®, is now available in a generic 20mg tablet, and it is **MUCH** cheaper than Viagra®.

Ex: Five 20mg tablets of Sildenafil is equivalent to one 100mg Viagra®.

Price: 50 Sildenafil 20mg (ten 100mg doses) \$80* VS. \$300 for ten Viagra® 100mg.

Note: This is the FDA approved generic of Revatio® 20mg tablet. The FDA has not approved generic Viagra®, even though the active ingredient is identical, just in a different strength.

It is Medicine Plus' desire to assist you in reducing your cost and increasing your ability to pay for ED medication.

We CANNOT substitute any prescription (or refill) written for Viagra® without a phone call to the prescriber to get authorization for the following New Rx:

Rx Sildenafil 20mg #50
Take 2-5 tablets as needed for sexual activity

Going forward, just be sure to ask for all new Rx's for Sildenafil 20mg in the format above.

**As with most generics, Medicine Plus offers great prices based on our acquisition cost. We have no control over our competitor's prices, or if they are even stocking this new generic.*
